	Qualifying: 0.50% APY for daily balances over \$20,000. See section 2 for details.								

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.

1. Other Account Information

You must deposit \$5 to open this account. You must have a RewardChecking or CashBack Checking account in order to open a RealSaver account, and the RewardChecking or CashBack Checking account must remain open throughout the period that you hold the RealSaver account. In the event that you close your RewardChecking or your CashBack Checking account, we reserve the right to close your RealSaver account. Please see the MECU MEMBERSHIP AND ACCOUNT AGREEMENT for additional information.

2. Rate, Dividend, Compounding and Crediting Information.

The interest rate and APY that apply to your RealSaver account will be determined based on whether you have met the qualification criteria for your RewardChecking or CashBack Checking account. When the RewardChecking or CashBackChecking

qualifications are not met, the interest rate on your RealSaver account will be 0.10% and the annual percentage yield will be 0.10%. When the RewardChecking or CashBack Checking qualifications are met, the interest rate on your RealSaver account and corresponding annual percentage yield will be tiered. If your daily balance is \$20,000 or less, the interest rate paid on the entire balance will be 1.24% with an annual percentage yield of 1.25%. An interest rate of 0.50% will be paid only for that portion of your daily balance that is greater than \$20,000. The annual percentage yield for this tier will range from 0.50% to 1.25%, depending on the balance in the account. The Interest Rate and Annual Percentage Yield may change at any time as determined by the Credit Union's Board of Directors

The RewardChecking APY is based on compounding interest. Please be aware that the interest earned in RewardChecking is automatically transferred to RealSaver each statement cycle and does not compound. As a result, the actual interest amount paid for RewardChecking may be less than the APY

disclosed for that account. The RealSaver APYs may be less than the RewardChecking APYs.

The interest rate and annual percentage yield may change. At our discretion, we may change the interest rate on your account. We may change the interest rate on your account at any time. Interest will be compounded on your RealSaver account on a daily basis. Interest will be credited to your account on the last day of the statement cycle. If you close your account before interest is credited, you will not receive the accrued interest. Interest begins to accrue on the business day you deposit noncash items (for example, checks). We use the daily balance method to calculate the interest on your account.

8. Nature of Interest. Interest is paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

9. Balance Information. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For RealSavings accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day. There will be a minimum Daily Balance required to earn the Annual

Percentage Yield disclosed for the crediting period. If the minimum daily balance is not met each day of the crediting period, you will not earn the stated Annual Percentage Yield.

3. Account Limitations. The number of withdrawals or transfers from RealSaver that you make in-person, by mail or at an ATM are unlimited. During your statement cycle, you may also make up to six transfers or payments in the aggregate via pre-authorized withdrawals, telephone banking and online banking service, automatic transfers or at point of sale terminals using your ATM or debit card. These transactions are considered made on the date the transaction posts and clears your account, not the date the withdrawal request was initiated.

4. Account Qualifications To qualify for preferred rates on your "RealSaver" account each month, your RewardChecking or CashBack Checking must meet the following qualifications during the monthly qualification cycle:

1. **Have at least 12 Debit card retail purchases post and clear**
2. **Have at least 1 Direct Deposit, ACH transaction or BillPayer transaction**
3. **Receive e-statements**

Please note that transactions MUST post and clear to your RewardChecking or CashBack Checking account during the monthly qualification cycle in order to receive the preferred rate and/or rewards on both the RewardChecking or CashBack Checking and the RealSaver accounts, and to receive ATM fee reimbursements in the RewardChecking account. Transactions may not be in a pending state to qualify as one of the qualifications. Transactions may take one or more banking days from the date the transaction was made to post to and clear an account. As indicated in the Truth in Savings disclosure for your RewardChecking or CashBack Checking account, we will reimburse you for domestic ATM fees incurred in your RewardChecking account up to \$ 5 /\$20 per month if you have met your qualifications for the cycle. ATM fee reimbursements will be credited to your RewardChecking account on the last day of your statement cycle. Your interest earned and any ATM fee reimbursements credited to your RewardChecking or CashBack account will be transferred to your RealSaver account automatically on the banking day

following the day they were credited to your RewardChecking or CashBack Checking account.

5. Monthly Qualification Cycle and Monthly Statement Cycle Explanation "Monthly Qualification Cycle" means a period beginning one banking day prior to the first day of the current statement cycle through one banking day prior to the close of the current statement cycle. Your account will be automatically qualified on that one day prior to the first day of the current statement cycle. What this means for you is if you did not qualify for the higher preferred rate, you might notice a slightly higher than the base rate APY earned on your statement due to the one day (the last day) being calculated with the higher preferred rate. Please refer to www.mecu.com for the complete cycle dates.
