	0.90% / 0.90%	Monthly	Monthly	\$50,000.00	\$500.00	\$2,500,000 or greater	Average Daily Balance	Account transfer limitations apply

Except as specifically described, the following disclosures apply to all of the accounts.

1. Rate Information. The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding for an annual period. For all accounts, the Interest Rate and

Annual Percentage Yield may change at any time as determined by the Credit Union's Board of Directors. For Money Market accounts, once a balance range is met, the Interest Rate and Annual Percentage Yield for that balance range will apply to the full balance of that account.

2. Interest Compounding and Crediting. The compounding and crediting frequency applicable to

each account is set forth in the Rate Schedule. The Interest Period begins on the first calendar day of the period and ends on the last calendar day of the period.

3. Accrual of Interest. For all accounts, interest will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For all accounts, if you close your account

before accrued interest is credited, accrued interest will not be paid.

4. Balance Information. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Money Market accounts, there is a minimum Average Daily Balance required to avoid a service fee for the interest period. If the minimum average daily balance is not met, there will be a service fee accessed as set forth in the Fee Schedule. For Money Market accounts using an Average Daily Balance method, interest is calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.

5. Account Limitations. No more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. Checks, drafts and debit card transactions are no longer treated separately. The total number of transactions per month remains subject to the maximum of six. If you exceed these limitations, your account may be subject to a fee or be closed.

6. Fees for Overdrawing Accounts. Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit transaction (if member has consented to Extended Overdraft Protection plan for ATM and one-time Debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an Extended Overdraft Protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information. For ATM and one-time debit transactions, you must consent to the MECU's Extended Overdraft Protection plan in order for the transaction amount to be covered under the plan.

Without your consent, MECU may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document that MECU uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.
